Organised by HKAC, Cultural Masseur: Dragonix Multi-Arts Festival will take place in July. The activities in the Festival span across multiple medium and forms, fostering interaction and multi-sensory experience.

Introduction

Sometimes, the journey is more important than the destination. As we encounter new adventures along the way, we conquer unknowns and unleash our potential. In the Hong Kong Arts Centre, artist Enoch Cheng is taking you on a very special journey to the unknown - one that combines elements of contemporary dance and Cantonese Opera movements with a guided tour. You will be led by dancers to move, dance, and walk - sometimes barefooted - as they explore every single corner of the building and uncover various hidden stories. Your five senses will be awakened, and your awareness to your surroundings will be heightened. By each step you take, you're unfolding moments of the past, present, and future. As the saying goes, a journey of a thousand miles begins with a single step. Start your journey now and all the best wishes!
