Cultural Leadership Summit is Hong Kong Arts Administrators Association (HKAAA)'s annual major event. With different themes every year, the HKAAA pursues professionalism and constructive dialogue in the practice of arts administrators. With the theme "The Art of Successful Collaboration", this year's Cultural Leadership Summit aims to explore the possibilities of collaborations within the culture field and beyond, promoting more integration between arts, business and other sectors for a prosperous future. We will be looking for collaborative frameworks that inspire us to engage in new and different ways within our creative environment, with impacts far reaching beyond the sectoral boundaries.

The Summit will benefit arts administrators from all sizes of organizations, arts entrepreneurs, artists, educators, and decision makers of non-profit sector and corporations, as well as anyone who is tasked with developing collaborative spirit and relationships in the future of their arts and programmes.
