NOV 14, 2022 - DEC 11, 2022 Save to calendar

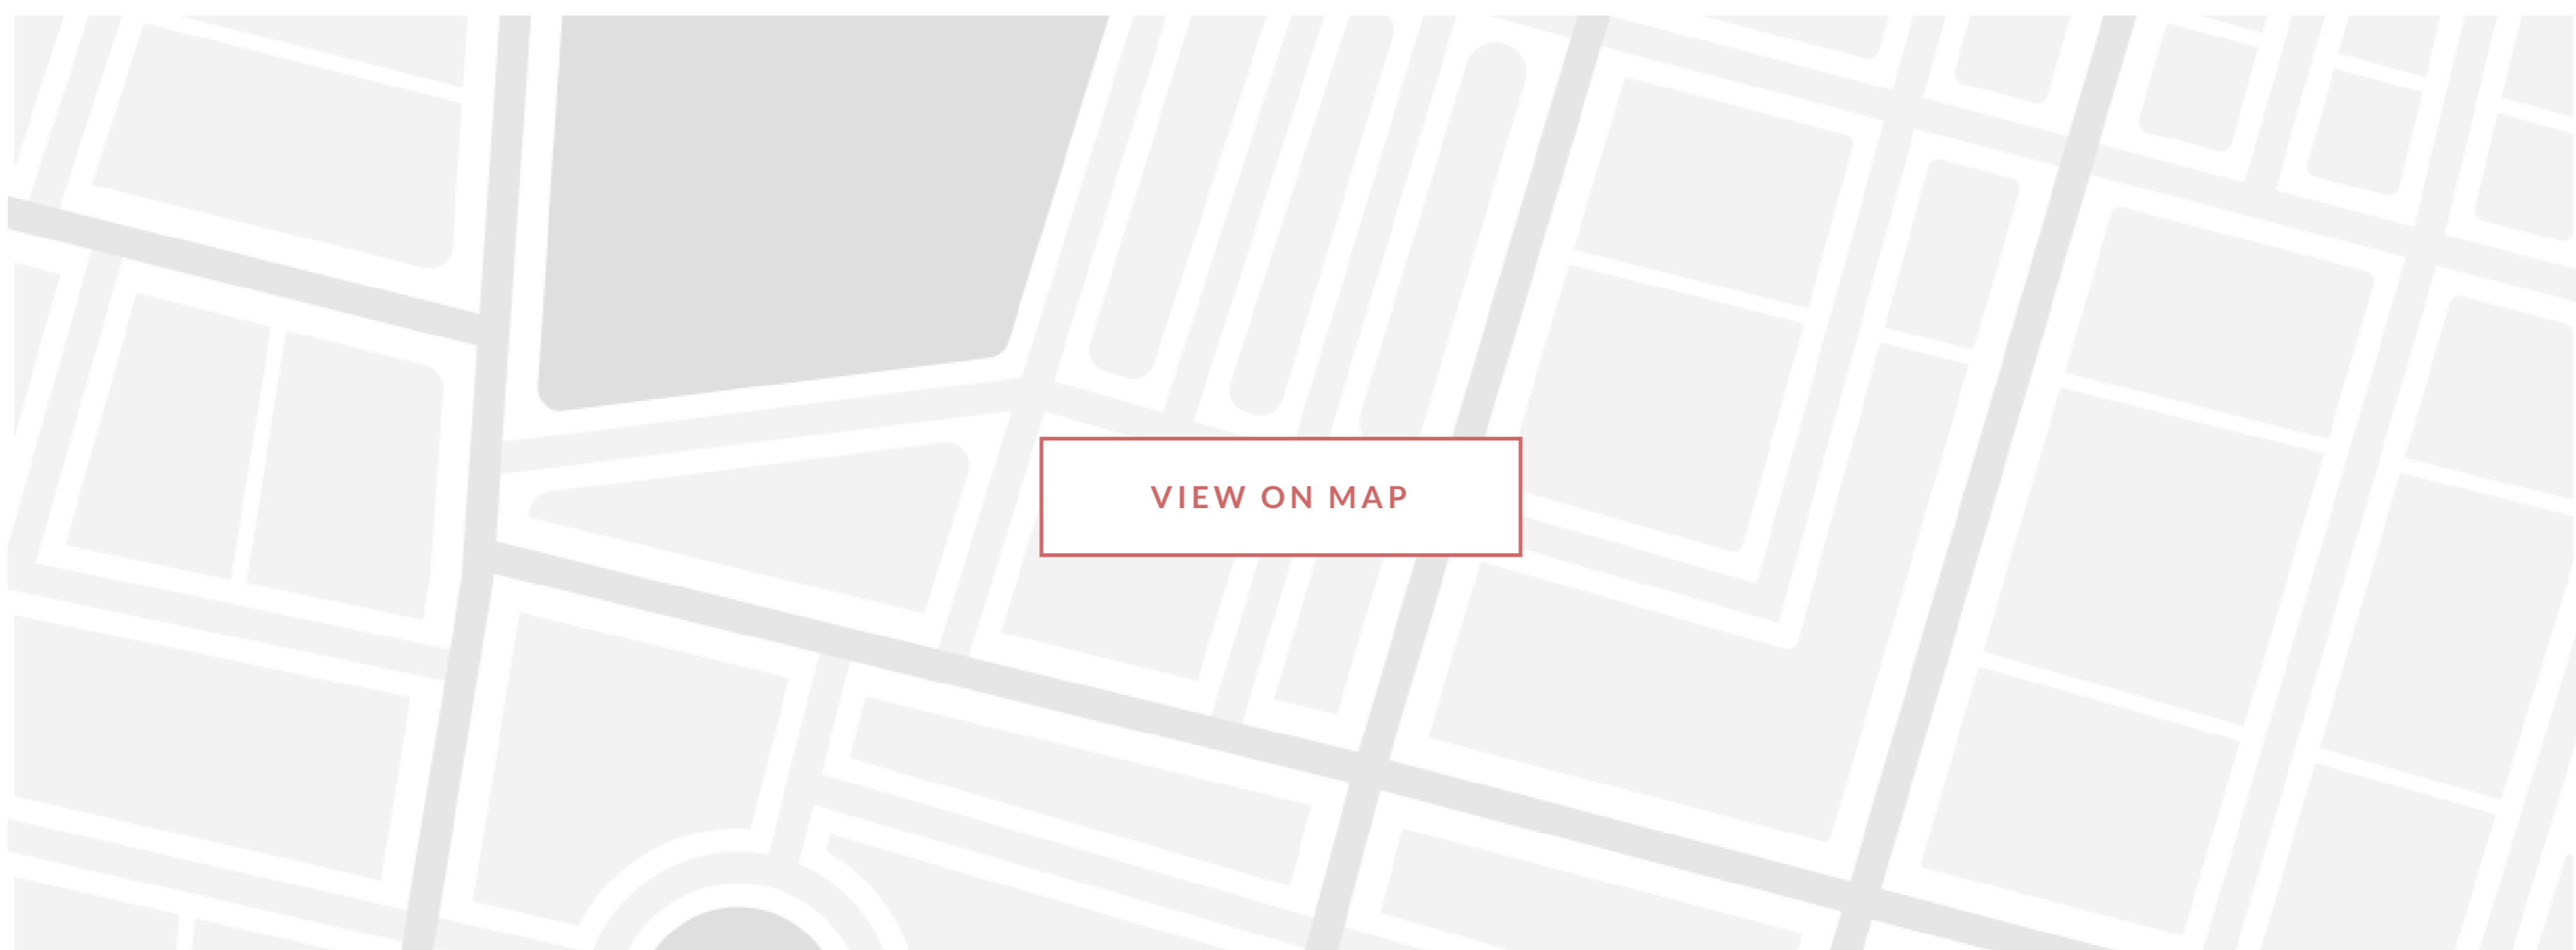

The exhibition features comics drawings selected from each of the 15 comic books published under HK Comics Support Programme for the very first time, together with a display of drafts, notes and reference materials from the comics artists and their production teams. Digging deep into these comics artists' creative mindsets and power of creativity, the show goes through stages from conception to completion and unravels the essence of every great story. It is also an opportunity to showcase creativity of local comics units.
