An exhibition celebrating 20 years of partnership between RMIT University and the Hong Kong Art School, Social Transformations feature works by alumni-artists that respond and contribute to the idea of ‘social transformations’ in unique and diverse ways, and will be on show from 11 to 28 November 2018 at Pao Galleries, Hong Kong Arts Centre. This commemorative exhibition not only marks the academic and artistic accomplishments of the participating alumni-artists but also reflects the achievements of both institutions in art education and their longstanding contribution to the cultural community of Hong Kong and beyond.
